15. Multidisciplinary / interdisciplinary
--

IQAC composition of HEI is to include members from various fields including alumni. HEI duly constituted the IQAC by inviting the nominees from the stakeholders in order to understand the local needs, employment opportunities in framing the policies for designing and implementation of the interdisciplinary courses and programs. IQAC conducted awareness sessions on NEP 2020 with the guidance of academic peers from universities to understand the objectives and the phases of NEP 2020. HEI being affiliated college of SPPU, Pune, provides multidisciplinary education and research with the help of three streams viz., Arts, Commerce and Science in the subjects including: Languages, Literature, Mathematics, Statistics, Pure and Applied Sciences, Social Sciences, Economics

and Sports. Preparation of a road map to transform affiliated college, strengthening of infrastructure of HEI is necessary for conducting multidisciplinary education and research is on priority. As per the guidelines of UGC for making multidisciplinary institutions, HEI is thinking to add few new subjects such as: Literature, Music, Philosophy, Art, Dance, Theatre, Education, Translation and Interpretation and other subjects as needed for a multidisciplinary institution. The college offers UG programs BA, B.Com, B.Sc. and BBA (CA) and PG program MA, M.Com and M.Sc. from Arts, Commerce and Science disciplines. Based on the guidelines of Govt. of Maharashtra and affiliating university, interdisciplinary courses/education would be offered to students. The students can choose the subjects/courses as per their choice and need. The transformation of affiliated college into multidisciplinary college through multidisciplinary education depends up on the institutional policy, planning, decision and execution which are in the thought process. Our institution Shri Shivaji Shikshan Prasarak Mandal has medical, pharmacy and ITI colleges. We have a plan to take help from these colleges for the multidisciplinary education. HEI established linkages and collaborations, and signed MoUs to create the multidisciplinary learning ambience through academic and research activities. Some of the good practices implemented by HEI to promote multidisciplinary / interdisciplinary approach in view of NEP 2020 are promotion of sustainable environment, social commitment and community outreach. Students are encouraged to participate in activities like paper recycling, rainwater harvesting and educating the underprivileged.

16.Academic bank of credits (ABC):

The choice based credit system (CBCS) for all programs is fully implemented from the academic year 2019-20 as per the guidelines of UGC and SPPU, Pune. HEI being affiliated college of SPPU, Pune, we follow the CBCS pattern and affiliating university has a depository for credits in the form of ABC. Almost all students have created their ABC ID on the website given by Ministry of Education, Government of India. Institute has shared that data with affiliated university. In this credit system, a student from all UG streams has to earn 132 compulsory credits from curriculum and 08 additional credits have to be earned through participation in Sports, NCC, NSS, field visits, study tours, conferences / seminars, AVISHKAR competitions, NPTEL/SWAYAM courses, and certificate courses for the award of degree. For PG courses in Science stream, a student completes 80 credits in two years duration while Commerce stream, a students have to earn 64 credits from curriculum and 10 credits from Human Rights, Cyber Security and 2 more credits from Introduction to

Constitution means total 76 credits are to be earned for the fulfillment of the degree.

17.Skill development:

HEI being an affiliated college of SPPU, Pune, offers CBCS pattern for UG and PG programmes from 2019. The curriculum is based on UGC's Learning Outcomes based Curriculum Framework (LOCF) and includes skill developing courses. Apart from this college has designed and developed 10 certificate courses considering the local needs and skills to be imbibed during degree programmes. These are approved by CDC. The proposal for the approval and affiliation of university has been sent to SPPU, Pune and is in process. Practical skills are imbibed through experiential learning during laboratory sessions. College has Institutional Incubation center for imparting the training for business ideas. Career Guidance and Placement Cell conducts Guidance workshops on skills required at work places in different industries and organizations and helps to achieve the skills for competitive examinations and placements. Industry personals are invited to conduct special sessions and orientation workshops which help to imbibe the industry skills as well as enhance the placements. HEI is providing value-based education with the help of Skills development programmes such as communications skills, anger managements, yoga, celebration of various important days, etc. Patriotism and National integration skills are imbibed from NCC activities. National Service Scheme trains the students in a rational way to imbibe the life skills and social responsibility among them.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

HEI provides higher education to one and all belonging to this tehsil since 1978 through various programs in arts, commerce and science disciplines. The medium of instructions for BA, B.Com and MA is Indian language Marathi. Mother tongue of all the students is mostly Marathi. The correspondence with the stakeholders is done through their mother tongue. College conducts functions as well as extension and outreach activities with the participation of stakeholders using mother tongue. The cultural awareness and expressions through mother tongue are the major competencies to provide them with the sense of identity, belongingness and appreciations. In these aspects, NEP 2020 will surely help in strengthening this culture in HEI. HEI has established small historical museum/gallery, language laboratory, huge collection of books in regional Indian languages. Modi language course run by the institute helps preserve the language which is going to be obsolete,

which was used for government documentation & communication for more than centuries. Language is linked to art and culture which influence the way of people of speaking with each other in the form of literature, plays, music, film, etc. which cannot be appreciated without language. The different types of Linguistic competitions are organized through cultural committee. HEI has SWAYAM Local Chapter for online learning and recently as per UGC's directives SWAYAM offering 27 courses in mother languages including Marathi to address language barriers and promote Indian languages while also providing flexibility of learning in the mother tongue to the learners. Some of the important course that was translated includes Artificial Intelligence, Biostatistics and Mathematical Biology, Communication Technologies in -Education, City and metropolitan planning, corporate law and Cyber Security. HEI has a plan to offer scholarships/prizes to study Indian languages, arts and culture and for outstanding work in the same. HEI is conducting the Yoga sessions regularly every year.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

Outcome-Based Education (OBE) is a student-centric teaching-learning process in which the course curriculum is delivered to achieve stated objectives and outcomes. OBE focuses on evaluation of student performance i.e. outcomes at different levels. These outcomes are mapped in terms of attainment levels and calculated at the completion of courses and programmes. HEI follows the CBCS curriculum for different programmes/subjects framed by BOS of affiliating university. Programme Outcomes and Programme Specific Outcomes (POs, PSOs) are narrower statements that describe what students are expected to be able to do by the time of graduation and Course Outcome (COs) are statements that describe significant and essential learning that learners have achieved, and can reliably demonstrate at the end of a course, are designed by considering graduate attributes, stated and displayed on website (link: http://ascrahuri.ac.in/IQAC_2_6_1ProgramOutcomes%202021_22.html). Teaching plans are prepared by faculties for different courses and the Continuous Internal Evaluation (CIE) of the students is carried out with the help of variety of parameters such as Home Assignments, class tests, seminars, group discussions, end semester internal examination and subjective assessments. The results are generated with the help of CIE and university examination. The attainment levels are mapped and calculated for various courses and programmes using a well-defined procedure. HEI has maintained the records with the faculties.

20.Distance education/online education:

Institute is running Yashwantrao Chavan Maharashtra Open University, Nashik study centre No. 5186A for distance education in Arts faculty. Around 300 + students have taken admission for graduation in BA for year 2021-22 in distance education. It has established a very good mechanism for classroom delivery of curriculum through a student centric method which ensures the participation of both teachers and students during teaching-learning process. HEI is providing education in terms of arts, commerce and science programmes, professional programmes such as computer science and applications. The tools required for classroom delivery are good enough to conduct the classes in offline as well as online mechanism. Many of the classrooms and seminar halls are ICT enabled with adequate tools. Institute has set the mechanism for classroom as well as blended modes of teaching-learning process. Institute has a local chapter for SWAYAM and NPTEL online courses. HEI follow a CBCS with essential and add on credits implemented by affiliating university since 2019-20. The additional credits are to be earned by students during stipulated time period from various aspects defined for the purpose. One of the aspects is the online certificate or short term courses, which can be opted and completed out of SWAYAM or NPTEL courses by students during their degree program in online mode. HEI has established ICT facilities in the classrooms and upgraded and increased from time to time. These facilities were proved to be critically important during pandemic for the development of e-contents, video lectures, question papers and delivery of them in a very streamlined manner. E-contents developed are made available to all learners through college and university website. The library facilities are also made available to all students in online mode through N-List Consortium and other free database made available by library which can be accessed by all stakeholders anytime, anywhere. Social media apps were also used to communicate the students. HEI has established Digital Data Repository using google drives. The communication to stakeholders and storing of academic & administrative record has been practiced through electronic medium.

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

In the college, the curricula of all the programmes are periodically revised as per the curriculum recommended by the UGC and affiliated University after following a systematic feedback procedure. For instance, curriculums of all PG programs have been revised as per NEP -2020. The IQAC plays a pivotal role in standardizing the teaching- learning process through quality measures.

Academic calendar is prepared at the beginning. Various academic programmes are organized to gain the necessary knowledge and skills- fostering the composite culture of India, inculcating human values and enhancing self development. Professional courses such as Computer Science and Computer Applications train students in specific skills and impart knowledge through vocational training. All departments conduct diagnostic tests to identify slow and advanced learners.

Besides lectures under Remedial coaching are organized for these advanced and slow learners. In addition, Continuous compressive evaluation measures are applied for the internal evaluation of students.

Every department offers adequate number of subject electives and job-oriented courses that cater to the intellectual and professional needs of the students to ensure maximum employability. The institution also offers Programme through which three courses are offered stream-wise mainly career-oriented, skill enhancing add-on courses to enhance their employability.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The college is affiliated to Savitribai Phule Pune University and has to adhere to the examination schedule given by university. Internal exam, Class Tests / Quizzes / Assignments / Presentations, Regular class tests, online assignments and project work were assigned as a part of CIE and carried out throughout the year.

Remedial classes were conducted for clarifying doubts and further explanation of the critical topics. Students were guided by assessing their performance and differentiated as slow learners and advanced learners. The slow learners and advanced learners were provided guidance accordingly. The slow learners were brought at the level of average learners and advanced learners were guided for other competitive and entrance examinations. Departments conducted mock Viva/ Practical exams to prepare students for practical and Viva examinations. Prelim Examinations, Mock Practical/ Exams were conducted and accordingly marks and credits were allotted to the students.

Adequate number of subject electives and job-oriented courses are offered to cater to the intellectual and professional needs of the students to ensure maximum employability.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

The college integrates cross cutting issues in its curricula through various means. Issues relevant to Gender, Human values, Professional ethics, environment and developmental psychology etc. have been incorporated in the curricula as modules that lay a strong foundation for the holistic growth and development of students.

Issues relevant to Environment and Sustainability are integrated in the modules with the focus on the need, application, function and governance of an eco- friendly and sustainable environment enabling the students to comprehend and deal with various issues regarding the conservation of a clean and pollution free environment. The college has its own composting pits to manage waste from the garden, which is used as manure for the garden. This is managed by students and Staff.

Issues relevant to Human Values are addressed in a course on Human

Rights taught in two semesters that sensitizes students to grow to their full potential and understand the true meaning of human values in day-to-day life.

To inculcate professional ethics among students, the institution offered various courses such as Geography, Hindi, Information Technology and Botany. The courses deal with value education, personal and social skill development and employability skills development.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

College takes various steps to support both advanced and slow learners. For all faculty first year students post admission test taken to identify slow learner and advanced learner. For second and third years students, slow learners and advanced learners are identified on the basis of marks secured in previous examination as well as his/her performance in the class.

Some Steps

For slow learners:

Departments take remedial classes, give home assignments, tutorials and problem solving sessions, take class room tests, taking session on how to answer university question papers subject wise

Departments organize counselling sessions, skills workshops. Motivates them to participate in curriculum and extracurricular activity to boost their confidence. College provides them extra books from library

For Advanced learners:

College organizes special expert lectures for advanced learners to aware about career options, to enhance their skills and to learn advanced techniques.

Departments encourage and support students for higher education, to participation in various competitions, state level AVISHKAR Competition as well as science exhibitions, state level competitions

Available Certificate courses, yoga sessions help overall growth of the students

However, due to Covid-19 pandemic situation this year there has been restriction in implementing the activities

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Student-centric methods focus on placing the student at the center of the learning process, engaging them actively in acquiring knowledge and skills. The college endeavored to maintain a student-centric approach to the teaching-learning process despite the challenges posed by the Covid-19 pandemic. Although most teaching occurred online, considerable effort was made to actively involve students in the learning process.

Experiential learning: College has well equipped laboratories and computer labs, by doing experimental work or programming students

try to understand the theoretical concepts. Commerce and Economics department takes the project work for PG students, internship program for UG students. History department arranges historical visits, provide experiential platform to the students. Departments organizes seminars for final year students to promote presentation skill, critical thinking and to build confidence among the student.

Participative Learning: Departments organizes group discussion sessions on respective subjects; debate completions, essay writing completion, poster presentations etc. these activities help students develop decision-making skills, teamwork abilities, and confidence in their abilities.

Problem Solving method: Commerce and arts faculty assign project to group of students, which elaborate problem solving techniques of the students. Mathematics departments arrange problem solving session in every math's practical session. Computer science and BBA(CA) department assigns programming related problems to the student and trying inculcate problem solving skills among the students.

Overall, student-centric methods empower learners to take an active role in their education, fostering deeper understanding, critical thinking, and practical skills that are essential for success in the modern world.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

Teachers at our college employ ICT-enabled tools to enrich the teaching-learning process. There are 20 classrooms and all labs are ICT enabled with LCD projectors, also there are 02 smart lecture halls in the college. All department teachers have subject wise PPT's through which teachers makes teaching learning process interesting. Through PPT animations or videos student concepts clear thoroughly and they participate 100% in learning process.

Since Covid-19 pandemic situation, it was mandatory to teach

online mode. To handle this situation, college arranged webinar/workshops for teacher to train online pedagogical tools for teaching. Also all teachers did online fundamental faculty development program or refresher course organized by TLC to learn advanced online teaching tools.

Teachers used diverse source of online tools for teaching, Google meet, Zoom app, Microsoft team, OBS, Smartphones, Xrecorder, pen-tab, notepad, you tube videos etc. for teaching and learning process as well as for evaluation process. Internals tests was mostly taken through Google form. Google class room or whatsapp was used for assignment submissions. Also teachers encourages to students to do Moocs/NPTL courses for additional knowledge and skills.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

The college has developed efficient mechanism to deal with examination related grievances which is transparent and addressing of grievances is time-bound. The college strictly follows the guidelines and rules of the affiliating university related to transparency. There is an examination committee at college level comprising of a teacher as College Examination Officer and other teaching and non-teaching staff as its members. It handles issues regarding evaluation process. The committee distributes evaluated answer scripts to students and seeks clarifications or grievances if any which are, then, addressed by the concerned subject teacher. The college displays internal marks on the notice board and the concerned teacher resolves any discrepancies.

The semester end university level examination discrepancy such as examination form filing problems, hall ticket related issues, name and subject correction issues in hall tickets as well as in final mark sheet, photo copy, copy case related grievances handle and resolve by CEO and college examination committee by communicating to board of examination SPPU, Pune through web email or communicating personally.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

The curriculum for each course is designed by the Board of Development at Savitribai Phule Pune University. During syllabus development, the Board defines Course Outcomes (CO), Program Specific Outcomes (PSO), and Program Outcomes (PO) for these courses. Affiliated colleges follows these curriculum designed by the Board.

At the beginning of each academic year hod's take departmental meeting, in this meeting Hod's discuss the CO's, PO's and PSO's of the course with the faculty members and instruct them to discuss the same with all students before starting to teach respective subject. Every department displays all CO's, PO's and PSO's on notice board, respective department Hod's address the student about it. For first year students, college organizes induction program in which respective department Hod's give details information about CO's, PO's and PSO's of the respective course.

The Course Outcomes (CO), Program Specific Outcomes (PSO), and Program Outcomes (PO) are displayed on the college website for easy access and reference.

5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

The College has a well structured Alumni Association. The Association is not registered but it plays a key role by participation in planning and implementation of academic and infrastructure development activities. The alumni of the College also assist us in different ways. The NSS unit of the College takes help of the alumni in adopting village, organizing annual camps and carrying out development projects. Alumni also help us in organizing blood donation camps, tree plantation campaign and other extension work. They also assist the College in placement process and provide inputs to the departments about the industry requirements. Departments invite their outstanding alumni for interactive sessions with the students and staff on the current

developments in the field. These sessions inspire the students and expose them to the opportunities in the field for research as well as employment. Many of our alumni are in regular contact with the teachers and contribute to the teaching learning processes indirectly by providing a variety of information.

The Alumni members, to discharge their social obligations have donated cash or equipments for the improvement of infrastructure or making available specific facilities in the campus for the students and staff.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

The vision of the institution, "Providing quality education in emerging fields to produce knowledgeable and cultured human resource, contributing to the process of national development" is fulfilled by efficient governance.

It also ensures the fulfillment of the mission focusing on upliftment of rural masses through appropriate education, empowering the socially, economically and educationally marginalized sections of the rural society and enhancing new generation students for contributing to the future knowledge based economy.

The management encourages to instill education, research, extension and placement activities in collaboration with sister institutions, NGOs and Industries.

Perspective plan is prepared annually by IQAC and put forth to the governing body for approval. It includes the new value added and skill oriented courses, outsourcing of the students for various placement activities, strengthening of the infrastructure and research activities, organizing seminars, conferences, workshops and conducting eco-friendly activities.

IQAC performs the instrumental role in decision-making. The execution of perspective plan is achieved through various committees like admission, examination and research. The chairpersons of various committees conduct workshops, seminars, lectures, training programs, competitions etc. involving all the stakeholders. Principal acts as a mediator between the staff and the management.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

The college work towards decentralization governance system. The principal appoints and empowers faculty wise heads of the department giving administrative and academic autonomy. The execution of work is done by staff at departmental level under the head of respective department. All the departments have a democratic mode of functioning in planning and implementing their teaching plan, co-curricular and extra-curricular activities. Committees are formed for the various curricular, co-curricular and extra-curricular activities to be conducted during the academic year. The faculty is involved in decision making process through various academic committees. The administrative office with the principal coordinates the day to day activities. This is an important step in aligning the activities of college with institutional vision and mission. The college promotes the culture of participative management. The Principal, Vice Principal, Office Superintendent and IQAC coordinator are responsible for academic and administrative leadership of the college. The principal meets periodically with heads of department and vice principal to discuss academic or administrative issues. The CDC had representatives from teaching as well as non-teaching staff. All the issues regarding academics, administration and enhancement of

infrastructure etc. are decided by the CDC, this reflects promotion of participative management.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The institutional strategic / perspective plan is effectively deployed. The perspective plan of the institution is aligned with the vision and mission of the institution. It is the driving factor behind achieving academic excellence, improvement of quality policies and various strategies adopted for the institutional development. It is rigorously deployed to focus on bringing quality improvements in the areas of:

1. Strengthen Teaching-learning process
2. Promote experiential learning
3. Expand Funding base
4. Strengthen infrastructure
5. Strengthen students support system
6. Promote academic culture
7. Support diversity
8. Develop clean and green campus
9. Increase interaction with the society

Various committees and bodies functional in the institute, check out the plan of activities and events. This supports the development and growth of the areas focused in the perspective plan. A review is taken on implementation and outcome of the perspective plan. One such broad areas in which the perspective plan has been successfully implemented is that of develop clean and green campus. This has been achieved through the deployment of

action plan for the activities viz. on campus plantation, cleanliness drive.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

Solid Waste Management: Solid waste like plant litters is collected and allowed to decompose naturally over period. A part of leaf litter is converted into bio-fertilizer by vermi composting beds. This good quality, nutrient rich and environmental friendly vermicompost is used to improve the texture and fertility of soil in college campus. Remaining leaf litter is used for eco friendly mulching to the plants. The proper disposal of sanitary napkins is done with help of a disposal placed in the ladies washroom.

Liquid waste management: Extremely hazardous chemicals are not used in laboratories. An attempt is made to dilute the liquid waste sufficiently while draining it.

E-waste management: Non working laboratory equipments, computers, monitors, printers, and batteries etc. are sold as scrap materials. If some parts are useful in other system they are kept aside for future use.

Waste Recycling System - College believes in the 3Rs of Reduce, Reuse, and Recycle. To reduce the use of the papers, internal correspondence happens through the electronic medium. College also makes use of the papers which are blank on the reverse side for printing or rough work purposes; this ensures effective reuse of the papers leading to reduction of the waste.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Women Empowerment.

The initiative aims to enhance gender sensitization, empower girls physically and emotionally, and raise awareness of civic rights while instilling cultural values and ethics. It promotes self-esteem, women's education, and professional development while fostering leadership and entrepreneurial skills. Inspired by Swami Vivekananda's belief in improving women's conditions for global welfare, the college emphasizes empowering women through education, economic independence, healthcare access, and political participation. Initiatives like Nirbhay Kanya Abhiyan and self-defense workshops positively impacted female students, equipping them with essential personal and professional skills, although challenges like limited participation persist.

The Green Campus & Cactus Garden Initiative

The initiative aims to conserve natural resources, reduce pollution, and promote sustainability while protecting cacti and raising environmental awareness. Led by the Botany, Zoology, and NSS departments with student organizations, it encounters challenges in establishing a green environment, emphasizing the need for effective procedures. Educational programs focus on waste segregation, composting, and plant care. Achievements include enhanced vermiculture, organic manure production, and healthy plant growth, despite challenges like vandalism and pandemic disruptions. Nevertheless, faculty, students, and staff remain committed to restoring and maintaining the campus environment.
